

**INCREASING STATUTORY PROTECTION FOR TERMS & CONDITIONS**

Holcim has a number of EA's which are currently being renewed. The widespread use of EA's may make it difficult to succeed in an application for a modern award for Holcim.

This is the level of protection the Association is seeking for CSR & Sucrogen staff, & those Holcim staff not covered by an Enterprise Agreement

If the Association applies for a modern award for Holcim & is successful those Holcim staff **covered by an Enterprise Agreement** would have the protection of the Enterprise Award if the Enterprise Agreement was terminated
